DHANISH SKILL DEVELOPMENT CENTRE

TECHNOLOGICAL RESEARCH INCUBATION CENTRE

Dhaanish Ahmed Institute of Technology (Dhaanish iTech) is approved by AICTE, New Delhi, affiliated to Anna University, Chennai and accredited by NAAC. The prime concern of the entire institution is to develop the creativity that technology anticipates and imparts quality education to enable students to build a great future for themselves. Our management has more than 49 years of experience in providing quality education and about 22 years of experience in producing successful engineers.

PROFESSIONAL TIE-UPS

Trainings are part of our curriculum, which are designed to provide necessary skills to increase the employability quotient and to equip the students with essential skills. We focus the essential VAC such as Hands on training in Industrial robot, Industrial automation, PLC, CISCO - networking and security training, full stack Java and python trainings, WEB technology, industrial programming in C, etc. Through these extra courses, they are bridging the skill gaps for the industry readiness.

Trainers strive in building the best tradition of academic and personal life. The aptitude & softskill are of paramount importance in all the National and International forums, thus transacting teaching and learning in a variety of interactive ways to enable the highly competitive and globalized challenges.

COURSES OFFERED

SCHOOL OF COMPUTING TECHNOLOGY

- B.E - Computer Science & Engineering
- B.E - CSE- Cyber Security
- B.E - CSE- Artificial Intelligence & Machine Learning
- B.Tech - Artificial Intelligence & Data Science
- B.Tech - Information Technology

SCHOOL OF BIO ELECTRONICS

- B.E - Biomedical Engineering
- B.E - Electronics & Communication Engg

INDUSTRY INSTITUTE COLLABORATION

PROMOTING INSTITUTE COLLABORATION ACTIVITIES THROUGH DHAANISH INSIGHT STUDIO

CENTRE OF EXCELLENCE

We, as an institution lay enormous emphasis on Industry Institute Interaction activities. We put in every effort that is required to provide the industry with highly qualified and skilled fresh engineers. A separate Technological Research Incubation Centre (TRIC) has been established and lead by senior faculty members with industry experience.

The activities of the TRIC include frequent visit and meeting with the industry personnels, signing of MoUs with companies, establishing and maintaining Centres of Excellence, promoting research activities, accelerating projects into prototypes and products.
